**W**e broke ground in the summer of 2004. Starting from scratch as pioneers, we cleared trees and encountered extreme rocky terrain. Massive boulders were uncovered, and then used for landscaping and rock retaining walls. Hence the name ROCKY MOUNTAIN STRUCTURES was born.

We have been blessed with exceptional employees, and they helped build a raving customer base. We have experienced steady growth, and expanded our facility three times in a down economy. All the glory to our Creator and Provider. With God, nothing is impossible.

Never underestimate the power of high quality workmanship and 100% customer satisfaction.

Rocky Mountain Structures manufactures and delivers 400-500 buildings per year in Pennsylvania and the surrounding states. A combined total of 150+ SHEDS & GARAGES on display 24/7 at six locations!

## OUR MISSION

Our foremost goal is to produce excellent products and services that will meet or exceed our customers' expectations. Our team strives to bring glory to God through superior service that shows honesty and integrity to all we serve. We are committed to a long-term relationship with our customers.

*Come to me all who are weary and burdened, and I will give you rest. – Matthew 11:28*

# Modular Garage Benefits Pages 12-15

- ✓ Modular garages cost 20-40% less than stick-built construction.
- ✓ Our buildings are manufactured in a climate-controlled facility with better quality control.
- ✓ Extra sturdy built construction to withstand transporting.
- ✓ A wooden floor does not draw moisture as in concrete (perfect for antique cars!)
- ✓ Heavy-duty pressure-treated floor engineered for everyday vehicle use (450 lbs./sq. ft. rating).
- ✓ Will easily accommodate full-sized pickup trucks and more!
- ✓ We can also install a (floorless garage) on a customer-provided concrete pad.
- ✓ Your garage will arrive in 2 sections and is generally completed in one day!
- ✓ High quality garage doors with torsion springs will easily accommodate electric openers.
- ✓ All we need is a level 4" thick gravel pad to set the garage down on.
- ✓ Short lead times.

**FREE DELIVERY & SETUP** *within 20 miles included!*

**For a fast, no obligation credit check go to:  
[www.rockymtnsheds.com](http://www.rockymtnsheds.com)  
Click "Financing with Wells Fargo"**

**SAY GOODBYE TO STORAGE DOWN THE ROAD**

# Site Prep Recommendations

The customer is responsible for a level pad site. We recommend removing 3-4" of top soil and filling with crushed stone. Pad should be 1 foot larger than the shed on all sides. We recommend using a laser transit to level the pad. Your shed will only be as level as your pad! The use of blocks is discouraged and voids your warranty.

For your peace of mind, **we offer site preparation at \$5.00 sq. ft.**

Includes level site grading 4" thick 2-B stone. If your site is more than one foot off level, additional charges may apply.

Shed pad shown with **OPTIONAL 4x4 border** for an additional \$2.50 sq. ft. It helps to keep the gravel in place.

## 20-MILE FREE DELIVERY!

(from any of our sales lots)

## Access Requirements

We must have adequate access to deliver your shed or garage. Approximately 60 feet of space is needed for the truck and trailer to pull out from the end of the shed. The roads and driveway going to your site will need to have a minimum of 14 feet height and a width of 2 feet wider than the building. Please check tree limbs and wires for clearance in advance.

### "Mule" Shed Placement (\$150)

Will go places the truck and trailer cannot access. The Mule is able to make sharp turns with 20,000 lbs. less weight going through your lawn. Check out the video on our website!

### For Delivery

Please specify the loading direction of your shed doors: face front, back, driver or passenger side so that your shed will unload facing the way you need it.

## BUILD ON SITE OPTION

If the Truck and/or the Mule cannot access, stick build on site is available at 30% upcharge. For buildings exceeding \$10,000, 20% upcharge.
