

WOOD

SWING SETS &  
PLAYHOUSES

Children love to play. They love to run, climb, slide, jump and swing. Nobody knows that better than Backyard Playstations. We create swings, gymsets and playhouses to fit the needs of any child and every family, with custom designs and features. With so many accessories and designs to choose from, your playstation can be created by you, for you, or simply pick one of the models in the catalog. Check out pages 22-23 to view our customized options.

Backyard Playstations has been making backyards, parks and camps more fun for more than 15 years as a family business. Our work is marked by exceptional quality and workmanship.

The structural timbers and bars used in our sets are quality selected from exterior-use pressure-treated pine which reduces warping. All corners are rounded for safety to reduce the chance of splinters. Hardware is plated to resist rusting, and swing bearings are made of nylon for a long, "quiet" life. Also, sliding boards are made of durable plastic for safety, comfort and quality.

Backyard Playstations' swingsets and playhouses are not only built of quality materials, but they are built well. Wider bases prevent units from tipping over, and each set is engineered and built with your child's safety in mind.

### Our Guarantee

*All products are guaranteed for two years against defects in manufacturing & workmanship. This warranty does not cover normal wear and tear, failure to properly maintain the product, or damage resulting from misuse. You are responsible for your child's safety with this product. We are not responsible for accidents or injury.*
